

# THE ENGLISH AND GERMAN FLEETS FIGHT IN NORTH SEA; MANY SHIPS CLAIMED SUNK

From advices received it would appear that the greatest naval battle of history has taken place in the eastern waters of the North Sea, apparently off the coast of Denmark. Never before have two naval forces of such magnitude as the British and German high sea fleets engaged in combat. But apparently the battle was not fought out to a point to determine mastery of the seas, for the losses, serious as they are reported to have been, will not impair the strength of either fleet to a vital extent. It is probable that the German fleet was on one of the excursions into the North Sea which it has taken from time to time during the war and met, whether or not by design, with the British fleet.

The losses in the engagement must have been extremely heavy. The battle cruiser *Indefatigable*, for instance, from which the German admiralty reports only two men were saved, probably had more than 800 men on board and others of the vessels sunk carried complements of men equally or nearly as large. Previous to this battle, Great Britain had lost during the course of the war, ten battleships, eleven cruisers and various smaller craft. Germany had lost 18 cruisers, 19 auxiliary cruisers, chiefly converted passenger liners, and numerous smaller vessels.

## GERMANS CLAIMING VICTORY IN FIGHT

Berlin, June 2—(Wireless to Sayville)—The German admiralty announced today that the German high sea fleet on May 31 encountered a British fighting fleet. The engagement which developed, the admiralty says, was favorable to the Germans. The battle continued all night. The German admiralty announces that the large British battleship *Warspite*, the battle cruisers *Queen Mary* and *Indefatigable* and two armored cruisers were destroyed. It is also reported that a small British cruiser, a number of torpedo boat destroyers and torpedo boats were sunk. The battle occurred in the northeastern section of the North Sea with the main part of the British fleet.

The German admiralty statement adds that by observation it was established that a large number of British battleships suffered damage from the fire of the German big ships and attacks of the torpedo boat flotilla. The admiralty statement also declares that the British battleship *Marlborough* was hit by a torpedo, this being confirmed by the prisoners rescued. Several of the German ships rescued parts of the crews of the British ships which were sunk, they including, it is said, two men from the *Indefatigable*, the only survivors from that ship.

On the German side the small cruiser *Wiesbaden* was sunk by gunfire and the *Pennern* was sent to the bottom by a torpedo. The fate of the *Frauenlob* is not known and some torpedo boats did not return. The German high sea fleet, the statement adds, returned to port June 1.

The text of the German admiralty report, which is dated June 1, says:

"During an enterprise directed to the Northward our high sea fleet on May 31, encountered the main part of the English fighting fleet, which was considerably superior to our forces.

"During the afternoon, between Skagerrak and Horns-riff, a heavy engagement developed which was successful for us and which continued during the whole night." In this engagement, so far as known, there were destroyed by us the large battleship *Warspite*, the battle cruisers *Queen Mary* and *Indefatigable*, two armored cruisers, apparently of the *Achilles* type, one small cruiser, a new flag ship, three destroyers, the *Turbanant*, *Neslore* and *Alcaser*, a large number of torpedo boat destroyers and one submarine.

"By observation which was free and clear of objects, (Continued On Page Six.)

## POPE'S SOLE DESIRE IS TO STOP SUICIDE OF EUROPE

Rome, June 2.—(Via Paris) Cardinal Gasparri, papal secretary of state, in an interview today with a representative of the Associated Press declared that the Pope was influenced in his efforts solely by a desire to stop the "suicide of Europe."

"The Holy Father," said the cardinal, "in a most ardent desire for peace has no particular interest in view,

despite what newspapers that are enemies of the papacy state to the contrary. If peace is concluded through the friendly intervention of the president of the great American Republic or through his Catholic majesty or the King of Spain, his Holiness will equally thank the Almighty that an end should at last have been put to the butchery which is the suicide of Europe."

## TEUTONS AVOIDED FLEET SAY BRITISH

London, June 2—The British admiralty announced today that a battle had occurred in the North Sea between the British and German fleets in the course of which a number of German warships were sunk. The cruisers *Defence* and *Black Prince* also were sunk, and the cruiser *Warrior* was disabled. The German losses are described as serious. The announcement says two German battle cruisers were sunk and two German light cruisers were disabled and probably sunk.

News of the engagement was held back by the British authorities possibility pending the return home of the fleet and the first word received of the battle came by wireless from Berlin by which means the Germans are able to escape the censorship over cable lines.

The British destroyers *Tipperary*, *Turbulent*, *Fortune*, *Sparrowhawk* and *Ardent* were lost and six others have not yet been accounted for. The admiralty announcement says no British battleships or light cruisers were sunk.

The British battle cruisers *Queen Mary*, *Indefatigable*, and *Invincible* were sunk.

The admiralty announcement says the German fleet avoided the main British forces and returned to port severely damaged.

The text of the admiralty announcement follows:

On the afternoon of Wednesday the 31st day of May, a naval engagement took place off the coast of Jutland.

The British ships on which the brunt of the fighting fell, were the battle cruiser fleet and some cruisers and light cruisers, supported by four fast battleships.

Among these the losses were heavy. The German battle fleet, aided by low visibility, avoided a prolonged action with our main forces. As soon as they appeared on the scene the enemy returned to port, though not before receiving severe damage from our battleships.

The battle cruisers *Queen Mary*, *Indefatigable* and *Invincible* and the cruiser *Defence* and *Black Prince* were sunk. The *Warrior* was disabled and after being towed for some (Continued On Page Six)

## Eight Inrors Are Secured

Waukegan, Ill., June 2—The opening of court today found the jury in the trial of W. H. Orpet, for murder, no nearer completion than it was at the end of last week, when eight jurors had been sworn for service. The trial has been in progress for sixteen days, during which time more than 800 prospective jurors have been examined. A further panel of fifty men has been summoned for today, as yesterday's examination exhausted the last summoned without resulting in the acceptance of a single juror.

No effort has been made to bring him here to face an indictment still pending.

## BRANDEIS IS ACCEPTED

LOUIS D. BRANDeis

Washington, D. C., June 2.—Louis D. Brandeis, Boston lawyer, will be sworn as a member of supreme court probably June 12. The senate yesterday confirmed Mr. Brandeis' nomination by a vote of 47 to 22.

With one exception, senate Democrats voted solidly for confirmation. The exception was Senator Newlands, of Nevada, who in a formal statement, said his action was based on the ground that he did not regard Mr. Brandeis as a man of "judicial temperament." Three Republicans—LaFollette, Norris and Poin-dexter—voted for confirmation. Mr. Brandeis is the first Jew to be elevated to the highest tribunal in the land. He succeeds the late Associate Justice Lamar, of Georgia. The fight over his confirmation was one of the bitterest in senate history.

Newark, O., June 2.—A romance which started in a local hospital, resulted yesterday in the marriage of Miss Grace C. Cruze, of Graysville, Tennessee, and George T. Gutherie, of Washington, Pennsylvania. Both were members of this year's training class for nurses. They will live in Washington, Pennsylvania.

The trip from Washington was uneventful.

## ACCUSED OF SLAYING GIRL

Providence, R. I., June 2.—James O'Brien, a one-armed factory worker, was formally charged today with the murder of Miss Beatrice Walter, his 19 year-old friend. He pleaded not guilty and was held without bail for a hearing June 15. O'Brien has insisted that the girl, whose body was found in a vacant lot near her home early yesterday, shot herself accidentally. The police said his story indicated there had been a joint suicide agreement, but that they had been unable to corroborate it.

## Tornado Blew Mail Train Off Track

Bloomington, Ills., June 2.—A tornado blew the Chicago-St. Louis fast mail train Number 17, on the Wabash Railroad from the tracks near Sannemin, Illinois, early today, injuring 18 persons, one probably fatally. The accident occurred in a deep cut which kept the cars from overturning, and probably prevented heavy loss of life. The combination, baggage and smoking car and four coaches were blown from the track. A Pullman sleeper crashed through the smoking car, tearing it to pieces. It was in the smoking car that the most injuries occurred.

Packard, Ia., June 2.—Three persons were killed and 15 persons were injured as the result of the collapse of the bridge over Coldwater Creek near here early today under the weight of the north bound passenger train No. 19, on the Chicago, Rock Island and Pacific Railroad. In addition to the three dead, three persons are missing and are believed to be dead, either by drowning or as the result of their injuries.

I ain't much on th' sign business, but will admit that we're just one day likelier t' have three rainy days in a given week when it rains on Monday than when it rains on Tuesday. But speakin' o' signs—did anybody ever see one that didn't fail in dry weather? Here's for tomorrow:

## Attempt To Commute Sentence Of Davis Cause Of Comment; Crime Was Most Brutal One

Much comment has been caused by the attempt to secure a commutation of the life sentence of Wallace Davis to an eight year term in the penitentiary.

Concerning a letter written by Prosecuting Attorney Micklethwait to the state board of par-

don, professing ignorance of the case the Columbus Dispatch says: "In a letter to the pardon board, Prosecuting Attorney J. T. Micklethwait of Scioto county, wrote as follows, relative to Davis' case:

"No one seems to know about the circumstances of the case of Wallace Davis, convicted and sentenced from this county to be imprisoned in the Ohio penitentiary for a period of life at the May term, 1911. Therefore, it was not one of those cases of such public interest that anyone here seems to object to a commutation."

"Records of the board also show Judge Blair was asked for an opinion in the case but has made no response."

Prosecutor Micklethwait said Friday, when asked about the matter, that he had recently found that Davis had been indicted on a charge of murder and had written to the board protesting against a pardon.

The following is taken from the account of the crime published in the Daily Times, April 10, 1911:

"One of the most brutal robberies that has been committed in Scioto county since the memorable Meade robbery of 11 years ago, and one which rivals in many respects the robbery and murder of the Platt brothers in the

their West Side home on the 27th of December, 1910, was perpetrated on Tick Ridge about four miles southeast of Harrisonville on Sunday evening when Mr. and Mrs. Frank Lair, two aged and infirm residents were brutally beaten and then robbed.

"The robbers used a stick of stove wood on their victims, literally pounding their heads into a jelly. Mr. Lair now lies in an unconscious condition and by his side is his wife, who though not and bruised almost beyond recognition, is yet able to converse with people and to tell the story of the horrible affair.

"The deed was committed solely for the purpose of robbery, and the thieves succeeded in getting about \$300 and making their escape before being detected."

Frank Lair died from the effects of the wounds he received on April 26.

Carl and Wallace Davis were indicted April 25 on a charge of assaulting with intent to kill.

Mr. and Mrs. Frank B. Lair, Wallace Davis pleaded guilty and was given a life sentence in the Ohio penitentiary. Carl Davis was tried on an indictment charging burglary and pleaded guilty. He was sentenced for life at the Ohio penitentiary. These were the first cases tried by Judge Blair on assuming the duties of prosecuting attorney.

Then on May 23, indictments charging the two Davis boys with murder were filed and later nolle.

The Davis boys applied to both Horace L. Small and Judge Thomas several years ago for a commuted sentence but their requests were refused.

## SOCIETY

The old colonial home of Mr. and Mrs. O. R. Hatfield, at Saint Paul, Ky., was the scene of a beautiful wedding last evening, when their attractive daughter, Esther Estella, and Mr. Marvin E. Ward, of Williamson, W. Va., were married at half-after four o'clock. Rev. B. F. Caudill, pastor of the First Baptist church, of Portsmouth, officiated with the impressive ring service. The attendants were Miss Edna Hatfield, sister of the bride, and Mr. E. F. Ward, cousin of the groom, of Valparaiso, Ind., who acted as best man. The rooms were prettily adorned for the occasion. The wedding was solemnized in the back parlor, where a bower of ferns and orange blossoms formed a beautiful background and a large white wedding bell was suspended from the ceiling. The wedding music from Lohengrin was rendered by Miss Sue Bevis, who was attired in a pretty gown of lavender tulle, trimmed in marine and rose-buds. The minister led the bridal procession and was followed by the groom and his best man. The dainty maid came next and wore a white print organdie, built over pink satin. She carried an armful of American Beauty roses. The handsome brunette bride came in with her father. She wore an exquisite gown of white satin, trimmed in silver lace, the skirt made short and girlish. Her veil was of point lace, and she carried a shower of bride-roses. The ceremony was followed by an elegant five-course dinner, the table being adorned in pink and white, and the refreshments were served in keeping with these delicate colors. The bride's mother, Mrs. Hatfield, wore a handsome gown of blue messaline; Mrs. W. F. Farrar, sister of the groom, wore dark blue crepe de chine; Miss Elsie Tipton wore pale blue crepe de chine; Miss Cynthia Jennings wore a dainty pink print organdie gown; Miss Pearl Ward wore white organdie and lace; Miss Edna Ward wore blue tulle; Mrs. J. E. Hatfield, blue crepe de chine. Those present from out-of-town were Miss Cynthia Jennings, Mr. J. T. Grimsley, Mr. C. F. Cornill, Mrs. W. F. Farrar and son, Homer, sister and nephew of the groom; Miss Pearl Ward and Miss Edna Ward, sisters of the groom, and Mr. W. M. Drantz, all of Williamson, W. Va.; Mrs. Laura Howland and daughter, Miss Sue Bevis, Miss Nell Craig-miles, Mr. and Mrs. R. Spangler, Misses Elsie and Winnie Tipton, Grace Adams and Margaret Heer, of Portsmouth; Mr. B. F. Ward, of Valparaiso, Ind.; Miss Loretta Johnson, of Rushtown, Ohio. The happy couple left on the evening 6 & O. train at 7:10 for their home in Williamson, W. Va., where the groom is interested in the drug business. Their cozy home is beautifully furnished in readiness for occupancy. They were accompanied as far as Portsmouth by the jolly party of young people who were present at the wedding. They were the recipients of many beautiful and useful gifts, including handsome table linens from the Marting Brothers and company, where the bride has been employed for the past four years. The Portsmouth young people made the trip down to St. Paul by boat.

A delightful day was spent at the neat home of Mr. and Mrs. Frank Keatley, of Munn's Run, in honor of Margaret and Catherine Keatley. A grand dinner was enjoyed on the lawn. The afternoon was spent in games and music. Refreshments of ice cream and cake were served by Miss Florence Keatley, assisted by Elizabeth Scherer. Those present were: Misses Agnes, Franca, Ho Dever, Garner Dever, Mary Scholer, Emma Genselbacher, Mabel Del-latal, Virginia Powell, Anna and Mary Keatley, Paul Kern, Albert Scherer, Elsie Dever, John Williams, Edward and Raymond Keatley.

Mrs. James W. Newman entertained the Bridge Club this afternoon. The subscribers were: Messrs. H. S. Grimes, J. F. Brishart and J. H. Varner.

Mr. and Mrs. Charles Schuler, of Eighth street, have received invitations to the commencement exercises at University of Cincinnati, where Miss Helen A. Granger will be graduated with honors on June 10th.

Miss Granger is the granddaughter of Mrs. John Webster, of Second street, and was graduated from Woodward High School in 1912.

Master Coleman Grimes is expected to be home next week. Master Hugh Nicholson, of Charleston, W. Va., to visit at his home next week.

Miss Edith Sherbourne entertained at dinner at noon today in honor of her guest, Miss Hazel McKinley, of Louisville. Other guests were Miss Golden Gahan and Miss Hazel Garvin.

Mr. John Newman has gone to Cincinnati after a several days' visit to Mr. and Mrs. D. L. Williams and son Harry, of Fourth street. Mr. Newman has been joined in Cincinnati by a brother, of Lawrence, Kan., who will probably undergo a surgical operation while in the Queen City.

# PUMPS IN BAD SHAPE; MAY HAVE TO USE THE OLD WATERWORKS

## DISCOURAGING REPORT IS GIVEN BY ENGINEER

The low duty pumps at the new water works are again operating unsatisfactorily and the water supply is becoming low, according to George P. Shute, chief sanitary and hydraulic engineer, who said Friday it would not be surprising if the old Mill street pumping station would have to be started up in a few days and continue to run indefinitely.

Mr. Shute said the high duty pumps constructed by the John H. McGowan company, of Cincinnati, were holding up their end satisfactorily but the low duty pumps furnished by the same concern but constructed by another firm for the McGowan company were not doing their work properly. He said so long as the McGowan company had a big force of men on the ground, working constantly on these pumps, removing old parts and replacing them with new ones they did good work but failed to stand the recently made final test, required by the specification, since which the McGowan company has practically abandoned the plant by calling off their men and demanding the balance still due on its contract amounting to \$11,422.50, held in reserve by the city pending an acceptance of the work and in addition to this extras amounting to \$12,000 for operating and maintaining the plant for a year.

As the city has assumed the ut-

litude that the plant must meet all specifications it would mean practically a new end of the plant which would require a big expenditure of money. Another condition the city is up against, says Mr. Shute, is that it cannot purchase the occasionally needed pumping machine parts from the concern which constructed the pumps, it refusing to furnish any pending a settlement of its subcontract with the McGowan company.

Mr. Shute says the consumption of water at present is no greater than it was last winter but suggested that if the consumers would co-operate by economizing in the use of water and avoid all wasting of water by undue sprinkling and keeping all hydrants tightly closed when not in use it would cut the consumption in half and materially aid matters. The pressure at the pumping station Friday was only 40 pounds.

A centrifugal pump the city recently ordered from the Worthington company, of Harrison, New Jersey, for emergency purposes, was expected to be delivered here July 1, but it is feared will not arrive until fall or too late to be of any service during the low water period.

# The Movies

**"All For a Girl," With Daisy  
Kenney Kelley, Columbia To-  
night — Comment From  
Dramatic Mirror.**

Though the story constituting this five-reel offering is very slight and quite typical of the light fiction to be found in the popular magazines, the picture is very pleasing and mighty interesting. This may be attributed largely to the ingenious acting of Kenney Kelley, who is not only pleasing to look at from a pulchritudinous standpoint, but who has a magnetic personality that immediately wins sympathy and admiration; and also to the very able direction of Roy Applegate and some most excellent examples of photography.

Too much commendation cannot be given for the able manner in which the first production of this new company has been handled, and if they live up to the standard of this first picture they will rapidly attain an enviable position in the film world. There were many original little details small and insignificant in themselves, but which, when their total was summed up, went far to making the picture the artistic success that it was. Throughout the offering was an example of what careful, skillful directing can do in transferring the written word to the screen, and when this is backed up with photography so clear and distinct that causes favorable comment, and able consistent acting, a successful picture is bound to result.

**Victor Moore and Anita King In  
"The Race" At Lyric Tonight**

The credit of being the first woman to ever cross the continent in an automobile absolutely alone belongs to Anita King, the Paramount Girl, who will be seen at the Lyric tonight in "The Race," supporting Victor Moore, the famous comedian. This is a thrilling photodrama founded upon Miss King's recent transcontinental automobile trip.

Anita King decided to attempt this trip during her vacation last summer. Starting from Los Angeles, she clipped five minutes from the eighteen-hour automobile record between that city and San Francisco. Leaving San Francisco she started on her long transcontinental tour, absolutely alone. It took her forty-nine days to complete the trip—twenty-nine of these days it rained continuously. She finally arrived in New York City and was welcomed by Mayor Mitchell of that city.

**At The Exhibit**  
"The Ranger of Lonesome Gulch" is a Mustang production. Three reels of strong drama with considerable comedy mixed in. A nicely produced story of a young western girl whose first novel becomes a great success.

## Dr. Edwards' STRENGTH TONIC

This Tonic which Dr. Edwards recommends is designed to restore strength to the weak, strength to the muscles, strength to the mind and strength to the nerves.

It is given to restore to the blood that rich red color which every weak and run-down person must have before he can get well and strong.

### That Natural Ruddy Color

Of good health is absent in cases of thin, weak and run-down patients. Their cheeks, lips and eyelids lack that normal blood tint; and the feeling of well being is not with them. Dr. Edwards' Strength Tonic restores the color to the blood, drives away that sickly greenish pallor of the complexion and supplies fuel for the vital fire in weak and thin people.

### Nervous Patients

Dr. Edwards says patients are nervous because they do not have enough rich, red blood to feed the nerves. So he made this Tonic to give the blood just what it needs for that purpose.

### Sugar Coated Tablets

Dr. Edwards has his Tonic put in a sugar coated tablet so it will be pleasant to take and will not injure the teeth. Pale, thin, weak and run-down people contract diseases more frequently than well ones. They are liable to have Rheumatism, Neuralgia, Bright's Disease, Nervous Dyspepsia, Insanity, Fevers and Consumption.

### Don't Have These

Why not put yourself in shape not to have these diseases by letting Dr. Edwards' Strength Tonic help you out of your nervous and run-down condition? It will build you up right from the start by increasing your appetite, toning up the nervous system, enriching the blood and increasing your vital force. For sale by your druggist.

Her call to the East to attend to details concerning its publication gives an opportunity for the entry of the villain who is finally put to rest by the sturdy ranger, and is forced to board a train for the east again at the point of a revolver. Anna Little, Tom Chatterton and Jack Richardson play the principal roles. "Persistent Perceval" is a Beauty comedy, featuring Orval Humphrey and Billy Frawley. The young man employs an old fellow to act as his guardian and the guardian escapes from many difficulties.

### At The Arcadia

"Mignonette" is a two reel Imp drama featuring Harry Beaumont as a young composer in New York. He falls in love with the wife of a brutal young landlord and dedicates his opera to her. The landlord discovering their love, separates them and throws the score of the opera into fire. The wife saves the manuscript which turns up in an odd way later. A very pretty love story that is bound to please. Some good scenes of Washington Square, New York, are pictured. "Bill's Wife" is a Laemmle comedy featuring Fred Church and Myrtle Gonzales. After an ideal honeymoon the young husband pines to go out with the boys. He leaves his wife in tears and finds out that after all cabarets no longer appeal to him. "Animated Weekly" with current events right up to the minute close the bill.

### At The Forrest

"According to St. John" is a three part Western Mustang drama with Jack Richardson in the chief role. The story portrays a rough western type of man being converted to the gospel through the sweet personality of the minister's daughter. When the minister's son, who has turned out to be a bandit, robs the stage coach the convict sends a letter to the sheriff telling him to call at his cottage and he will find the robber and his plunder. Having found the cache of the thief he takes possession of its contents and gives himself up in place of the other man. "Billy Van Deusen's Wedding Eve" is a Beauty farce comedy with hundreds of laughs.

### At The Strand

"The Reunion" is a Thanhouser three reeler. A story of delicate sentiment and true pathos. J. Gilmour appears as a soldier boy of '61 and later as a veteran attending the Grand Army reunion in Washington, D. C. Actual scenes from the parade are deftly woven into the play. The former nurse attends the reunion and sees her lover of war days. This is full of genuine feeling and has good humorous touches running through it. A Mutual Weekly of current events closes the bill.

### At The Temple

"The Adventures of a Madcap" is a four part Pathe color picture that will appeal to all classes. Jean a valet, is adopted by old Jason and acts as an assistant to him in the culture and sale of flowers. She is loved by Owen, a country swain, who hesitates asking her to be his wife because of her erratic irresponsible gaiety. One day she returns to find old Jason dead in the garden. She runs away rather than be petted in a rich couple's home. She accidentally in time of need meets Owen and all ends happily. "Whiffle's Fiddle Flapper" is a Pathe comedy of nothing but laughs.

## BOY STRUCK BY AUTO

Cyril Heid, 14 year old son of Mr. and Mrs. Bernard Heid, had a narrow escape from serious injury Thursday afternoon, when he was knocked down in front of the high school building by an automobile, said to be driven by Mr. Weaver. Fortunately, no bones were broken, but the victim of the accident will be laid up for several days, as he was painfully bruised about the body. He also suffered a sprained ankle. He was taken to his home in Dr. J. S. Rardin's automobile. Dr. S. P. Fetter is the attending physician. Those who witnessed the accident had the driver of the automobile blameless, they claiming that the boy stepped directly in the path of the machine.

## GERMANS CLAIMING

(Continued From Page One)

It was stated that a large number of English battleships suffered damage from our ships and the attacks of our torpedo boats during the day engagement and throughout the night.

"Engaging others the Marlborough was hit by a torpedo. This was confirmed by prisoners.

"Several of our ships rescued parts of the crews of the sunken English ships, among them being two and the only survivors of the Indefatigable.

"On our side the small cruiser 'Wiesbaden, by hostile gunfire during the day engagement, and His Majesty's Ship 'Pommern, during the night, as the result of a torpedo, were sunk. "The fate of His Majesty's Ship 'Frauenlob, which is missing, and of some torpedo boats, which have not returned yet, is unknown.

"The high sea fleet returned (Thursday) into our port."

Skagerrak, is an arm of the North Sea between Norway and Denmark. The point referred to in the official German statement as Hornsund probably is the reef off the horn on the southwestern extremity of Denmark. This would indicate that battle was fought off the coast of Denmark. From the reef to Helgoland, the main German naval base in the North Sea, is about 160 miles.

The British dreadnaught 'Warspite' reported destroyed in the North Sea engagement, was a sister ship of the Queen Elizabeth both of which played a prominent part in the attempt of the British Mediterranean fleet to force the Dardanelles. The 'Warspite' was 650 feet long and displaced 27,500 tons. She was built at Devonport in 1915, at an estimated cost of \$12,500,000. The 'Warspite' is reported to have carried eight 16-inch guns in place of the 15-inch guns carried by the Queen Elizabeth. She also was equipped with twelve or sixteen inch guns, twelve 4-inch guns, four 3 pounders and was fitted with four 21-inch torpedo tubes. Her complement was 750.

The Queen Mary and the Indefatigable were both British battle cruisers of 27,000 and 18,750 tons displacement respectively. The Queen Mary was 720 feet long, 87 feet beam and drew 30 feet of water. The Queen Mary was completed in 1913. She carried eight 13.5 inch guns, sixteen four-inch guns, and was equipped with three 21 inch torpedo tubes. The Indefatigable was 578 feet long, 59 1/2 beam and 27 1/2 feet deep. The battle cruiser was equipped with eight 12-inch guns, sixteen 4 inch guns and had three 21 inch torpedo tubes. The Queen Mary and the Indefatigable carried complements of between 900 and 950. The Queen Mary cost about \$10,000,000, while the Indefatigable cost nearly \$8,000,000. The British dreadnaught, Marlborough, said to have been struck by a torpedo, was of the Iron Duke class. She was built at Devonport in 1914, displaced 25,000 tons, was 620 feet long, 59 1/2 feet beam, and 27 feet deep. She carried ten 13.5 inch guns, twelve six inch guns and a number of smaller arms. She also was equipped with four submerged torpedo tubes. The German battleship 'Pommern, which was sunk by a British torpedo boat, displaced 12,097 tons. She was 393 feet long, 72 feet beam and 25 feet deep. The 'Pommern' was built in 1907 at a cost of about \$6,000,000.

## CAILLETTE WOOD IN GERMAN HANDS

Berlin, June 2.—(Via London).—The capture of Caillette wood, south of Fort Douaumont on the Verdun front and of adjoining trenches was announced today by the war office.

London, June 2.—With all the weight and power of tremendous masses of men and metal, the Germans have been delivering what may prove to be their decisive stroke against the main defenses of Verdun.

Since the German attack of yesterday northeast of the fortress, which gained them first line French trenches in the crucial stroke between Fort Douaumont and Vaux, there has been firing of extreme violence.

Today's official report from Paris reports the continuance of the struggle throughout the night, but fails to record the outcome, the implication being that the result so far is indecisive.

The crown prince's drive is being pressed along a front little more than two miles in width between the Thiaumont farm and Vaux. German progress here has been slight since the early days of the fighting. The recent pushing back of the French lines on the west bank of the Meuse, however, is claimed to have stopped the French flanking fire from that bank which hitherto had handicapped the German attempts to advance on the opposite side of the river.

West of the Meuse, French have been endeavoring to regain some of the ground recently lost in the southward drive of the Germans there and they claim to have made progress last night south of the Caurettes wood in the vicinity of

cost of about \$6,000,000. She carried 729 officers and men. Her armament consisted of four 11-inch guns, fourteen 6.7 inch guns, a number of pieces of smaller calibre and six 17.7 inch torpedo tubes. The 'Frauenlob' which did not return to the German base after the naval engagement, was a small German cruiser displacing 2,715 tons.

Cumieres.

Paris, June 2.—In the course of heavy fighting on the Verdun front which continued through the night, the French progressed slightly south of Caurettes wood, the war office statement of today announces. The struggle between Thiaumont farm and Vaux, east of the Meuse, is described as extremely violent.

The artillery action on both sides was exceptionally heavy throughout yesterday and last night. Aside from the Verdun fighting, the night passed quietly along the front.

TWO GERMAN

MACHINES WINGED  
Paris, June 2.—A squadron of French aeroplanes, pursuing a group of German machines which had just bombarded Bar le Due, brought down two machines, one of which was a Fokker.

The raid referred to probably is the one mentioned in last night's French official statement which said that 15 civilians in Bar le Due were killed by German bombs. The French statement recorded the bringing down of only one German aeroplane.

Paris, June 2.—Several thousand Austrian troops have been observed among recent reinforcements brought to the Verdun front. Among military observers here this is believed to indicate that Germany has insisted that Austria divide her forces in siding Germany in spite of the fact that an Austrian offensive is being pressed against Italy.

## TEUTONS AVOIDED

(Continued From Page One)

time had to be abandoned by her crew. It is also known that the destroyers Tipperary, Turbulent, Fortune, Sparrowhawk and Ardent were lost and six others are not yet accounted for. No British battleships or light cruisers were sunk.

The enemy's losses were serious. At least one battle cruiser was destroyed and one was severely damaged. One battleship is reported to have been sunk by our destroyers.

During the night attack two light cruisers were disabled and probably sunk. The exact number of enemy destroyers disposed of during the action cannot be ascertained with any certainty but must have been large.

The Invincible was laid down in 1907. She displaced 17,250 tons, was 562 feet long over all 78 feet beam and 16 feet deep. Her normal complement was 731. She was armed with eight 12 inch guns, sixteen 4 inch guns and three torpedo tubes. The Invincible took part in the naval engagement off the Falkland Islands in December, 1914, in which the German Pacific squadron after defeating a British squadron off the Chilean coast was destroyed.

The Defence was built in 1907, displaced 14,600 tons and ordinarily carried 735 men. Her length was 525 feet, her beam 74 feet and her maximum draught 25 feet. She was armed with four 9.2-inch and ten 7.5-inch guns, sixteen 12 pounders and five torpedo tubes. The Black Prince was built in 1904, displaced 13,550 tons and carried 701 men. She was 489 feet long and 73 feet beam. Her armament was 6.92 and 6 ten-inch guns and three torpedo tubes. The 'Warspite' which was disabled, displaced 13,600 tons, is 480 feet long, her complement is 704. She carried four 9.2 and 4 6.5 inch guns, twenty-four pounders and three torpedo tubes.

London, June 2.—Since the beginning of the war British cruisers and destroyers have patrolled during day and night the approaches to the German fleet's base in the Bay formed by the mouths of the Elbe and the Weser, protected by the mighty fortifications of Wilhelmshaven on the south, on the north by the supposedly impregnable defenses of the Kiel Canal and guarded by the outlying island of Helgoland. Until the engagement that has just occurred, however, no German fleet has put forth in force to press the giving of the alarm to the British main fleet that its foe was coming out to give battle. The rendezvous of the British fleet has been a secret but is generally believed to have been in the Orkney Islands north of Scotland.

The long months of watchful waiting by the British, however, were broken into by two naval engagements in which comparatively small squadrons of German war ships were involved and in both of which the British were victorious. On August 28, 1914, Admiral Sir David Beatty, on his flagship the battle cruiser Lion, led his squadron in a daring dash into the Bight of Helgoland. In an engagement almost under the guns of this great fortress three German armored cruisers and two destroyers were sunk with a loss of 2,500 men. On January 24, 1915, a German squadron attempting a raid on the British coast, encountered Admiral Beatty of the 'Fog' banks and in a running fight the German cruiser Bluecher was sunk and two of her sister ships set on fire. Several raids have been made by the German naval detachments on the British coasts in which Yarmouth, Scarborough, Whitby, Hartlepool, and Lowestoft have been bombarded. The last of the raids occurred April 26 last, on which occasion, according to the German claim, a British destroyer and two scout ships were sunk. The most serious losses to the British fleet hitherto have been through the operations of German submarines and by means of mines. Such an instance occurred Sept. 22, 1914, when the British cruisers 'Hogue, 'Cressy' and 'Aboukir' were torpedoed within an hour by the German submarine U-9. The German navy, however, performed brilliant feats in regions far distant from Europe, its most notable victory being in the battle of Coronel, Chile, early in the war, when the German squadron attempting to reach home waters encountered one of the British fleet under Admiral Cradock. In the battle the Germans sent the British cruisers 'Goodhope' and 'Monmouth' to the bottom, with all hands. A month later a powerful British squadron encountered the victorious Germans off the Falkland Islands and of the five German cruisers in the squadron four—the 'Scharnhorst, the 'Gneisenau', the 'Nürnberg' and the 'Leipzig', were sent to the bottom. The fifth, the 'Dresden', escaped, but was caught later at Juan Fernandez and destroyed.

## NO HURRY TO ANSWER CARRANZA

Washington, D. C., June 2.—A week or more will be taken by administration officials to frame a reply to General Carranza's note threatening war if American troops are retained in Mexico, it was said today. President Wilson was out of the city and no active preparations were being made to draw an answer. The usual cabinet meeting was cancelled, since the president was not to return until late today from Annapolis, where he went to attend commencement exercises at the Naval Academy.

Army officers today looked for a report from General Pershing on his conference yesterday at Colonia Dublin with General Gaviarra Carranza military commander in Northern Chihuahua. The meeting was brief and it is assumed only questions of co-operation in troop movements were discussed. General Pershing described the conference as "very satisfactory," according to unofficial reports.

The war department's plans for maintaining General Pershing's column in Mexico were unchanged.

## SEATING REPUBLICAN DELEGATES

Chicago, Ill., June 2.—Taking up consideration of Georgia contests at the opening of its session today, the Republican National Convention seated B. W. S. Daniels, of the Jackson faction as delegate from the first congressional district over Sol G. Johnson, of the Blum faction by a vote of 25 to 15.

WHOLE COMMITTEE TO HEAR CONTESTS

Chicago, June 2.—Political supporters of Roosevelt and Hughes are jubilant over the defeat of the attempt made by certain members of the Republican national committee to have the contests over delegates heard by sub-committees instead of the full committee which always has decided these disputes.

When Chairman C. D. Hille suggested that sub-committees be named to go over the contests, so that the full committee need not waste time considering trivial disputes, the Roosevelt and Hughes supporters secured a possible plot to have the contests considered in secret sessions and they vigorously protested. Senator Reel Smoot, national committeeman from Utah, a Hughes supporter, led the fight against the plan and succeeded in having the motion voted down.

Chicago, June 2.—Sixteen prospective votes for Justice Charles E. Hughes in the Republican convention went by the board when the national committee voted to seat the Henry S. Jackson delegation of Georgia. The action was taken after a lively contest which lasted more than six hours and in which it was necessary to determine the personnel of the Georgia state committee.

## WANT WILL SET ASIDE

Emma Haven and Clara Henderson filed suit in common pleas court Friday against Mike and David Ehrman and others asking that the will of the late Leonard Ehrman be set aside on grounds that it was not the last and executed. The petition contends that a will dated May 29, 1915, was probated June 22, 1915, making the plaintiffs and defendants legatees. This document is purported not to be the last document. Millar and Micklethwait and Nate B. Gilliland represent the plaintiffs.

## "Wet Goods" Can Be Carried Into West Va. If Labels Are Attached

Charleston, W. Va., June 2.—The decision was written by Judge Poffenbarger and was concurred in by the entire court, except Judge Lynch, who dissented. The court reversed the decree of the Mineral county court, the decree of the defendant to the bill sustained and the case was remanded with leave to amend the bill.

The lifting of the ban was made by the supreme court of appeals, which yesterday dissolved an injunction issued by the Mineral county court against the Baltimore and Ohio railroad restraining from transporting within the state any suit case, trunk or any kind of container labeled as containing liquor.

When the action of the court was announced, the news spread rapidly over the city and there was absolute elation in many quarters, and dismay among the professional bootleggers, who will be deprived of making an aristocratic living by violation of the law. The decision was written by Judge Poffenbarger and was concurred in by the entire court, except Judge Lynch, who dissented. The court reversed the decree of the Mineral county court, the decree of the defendant to the bill sustained and the case was remanded with leave to amend the bill.

City Solicitor Anselm Skelton made the discovery Friday that the three city civil service commissioners, John Eckhart, George W. Sheppard and Melvin Funk can not legally draw any salary for the first five months they have served this year.

While the money had been appropriated by city council to pay the commissioners for their services the salaries had not been fixed until recently by ordinance which had thirty days to run on referendum and then had to be advertised for two weeks. The commissioners will begin drawing salaries beginning with June 1. They believe that the money in the fund which they themselves are able to draw might be legally used in paying for clerk hire of which, however, they have had but little.

## Big Sale Of Seats Reported For The Merchant Of Venice

The first day's sale of reserved seats at Brandau's book store for the "Merchant of Venice" was most gratifying to the enthusiastic members of the senior class, who are firmly convinced that this year's senior play will surpass both "Midsummer Night's Dream" and "As You Like It."

There will be two performances on Friday and Saturday evenings and the play has been so painstakingly and faithfully rehearsed that both performances will be

equally good. The dress rehearsal which was held Thursday evening in the auditorium before a select audience of the faculty encouraged the members of the class to feel that the public will be as pleased with this year's play as with both previous plays. There are still a few good seats left for the second performance on Saturday evening. The Friday-night house is almost sold out. Seats will be on sale at Brandau's book store all day Saturday. Both performances will begin at 8:00 p. m.

### FAT MAN'S FATE IS SETTLED BUT

The Too Slender Fellow Is Rarely Happy in That Condition

Perhaps nobody loves a fat man, but it is a settled bit of the philosophy of life that the too slender man or woman is rarely happy in that condition.

A gain in flesh is the hallmark of improving health and the high sign of a better disposition, and to bring about the gain naturally and wholesomely the stomach must function at its best.

No benefit is derived from food which is not thoroughly digested. In the present day hurry and scurry we often eat our meals in too great a haste and fail to properly masticate our food. The rush of modern life doesn't agree with many, and it often results in dyspepsia, probably the most common of maladies.

A dyspeptic can easily be distinguished. He becomes listless, then morbid, melancholy and "grouchy" over little things. He loses his appetite, suffers untold agonies from pains in the side or stomach, headaches, after eating, a bloated feeling, nausea, restless sleep, nervous and all run-down feeling.

After years of study and experiments in an effort to find a remedy to cope with this almost universal malady, Joseph Von Trimbach, the noted chemist, and giver of health, aids discovered Tanlae. Tanlae is designed to combat just such conditions. It is proving invaluable against ailments of the stomach, liver, kidneys, and intestinal affections of the mucus membranes, which, when neglected, so often affect the vital organs themselves. As a reconstructive tonic for half-sick, run-down men and women it builds up the tissues, creates a keen appetite, promotes digestion, vitalizes the blood and brings back color to the cheeks and sparkle to the eyes.

Tanlae, the ideal reconstructive tonic, is being especially introduced in Portsmouth at the Fisher & Streich Pharmacy, where the Tanlae Man explains its merits.

Tanlae may be obtained in the following nearby towns: New Boston, E. H. Coburn; Sciotoville, Sciotoville Pharmacy; Bloomington, H. J. Gleim; Scioto, Stockham & Payne; McDermott, Ord Thompson; Laurensville, Dr. J. H. Cox; Stockdale, O. E. Emory & Co.; Jasper, J. W. Dewey; Pikesville, R. B. Willson; Oak Hill, Jenkins Pharmacy; Otway, J. F. Walsh; Young, G. H. Perry; Peebles, W. A. Gall; Buena Vista, Louis Dorn; West Union, W. D. Satterfield; Fullerton, Ky., S. M. Roberson; Rarden, Taylor & Taylor; Wakefield, Charles Noel; South Webster, E. W. Bauer. Adv.

## NEW APARTMENT HOUSE

Portsmouth is soon to receive a new 32 room apartment house. It will be erected at Fourth and Offner streets, by Alfred Richardson and will contain eight-four room modern equipped flats. The plans have been prepared by Architects Ritter and Bates, and they are ready for bids. The structure is to be built of brick and will have an ornate front.

### HAMMER AND PAINT

The S. Monroe & Son company are making steady progress laying brick on Hubert Road and should have the improvement completed within the next few days.

Workmen are engaged in paving the new ornamental driveway Jacob Werner has constructed as a Fourth street approach to his livery and feed stable.

The Moffitt-Brown Company, of Cleveland, which has been waiting on some castings, is hopeful of beginning the work of pouring concrete for the mausoleum in Greenlawn cemetery, Monday. The work has advanced to a point where it is ready for the floor.

#### Plans Ready

Ritter and Bates, local architects, have completed plans for an addition to be made to the Sciotoville Christian church. The plans are ready for local bidders. This church is to be modern throughout when this addition is completed.

## TERMINALS

Many of the N. & W. employees are attending the air brake inspection demonstrations and lectures given twice daily in the special car on the siding just east of the general foreman's office. The car and equipment belong to the Pennsylvania R. R. Company and pays a visit to N. & W. points each year. Lectures and demonstrations are given at 9 and 2 o'clock each day. The car is in charge of H. L. Lowe, general air brake inspector of the Pennsylvania lines. C. M. Kidd, general air brake inspector of the N. & W. is also on the car and will be with Mr. Lowe while the car is on the N. & W. lines. The talks given by Mr. Lowe are entertaining and helpful and should be heard by every railroad man. The car will be here for some time. The next stop will be in Columbus.

Howard Swisshelm, chalker in the N. & W. yard office is on a ten days' vacation which he is spending in Cincinnati.

Carl Riddlebarger, N. & W. yard clerk, has returned to work after a ten days' vacation spent in visiting Cincinnati and Western cities. He was accompanied on the trip by his wife.

Business in the local yards continues to stay up around the 1500 load mark every day. This many loads are sent out of the local yards and as many and more received each day.

C. M. Baker, 20, negro, employed as laborer on extra work train No. 1059 and whose home is in Winston-Salem, N. C., had his right leg seriously bruised Thursday morning. The train was unloading ballast at Reeses, O., near Valley Crossing, and Baker was riding on the brake platform of a car when it was sent down a

track to be dumped. The car bumped into another and Baker's right leg was caught and crushed. He was taken to Valley Crossing where a company physician attended him. Frank Gates was foreman in charge of the work gang.

Short programs were given in the different grades at Garfield school, Friday afternoon. Many parents of the pupils visited the school in the morning and afternoon. The Garfield pupils had many exhibits of their work ready for inspection by the parents.

Louis Silvey, who is suffering with blood poisoning in his right hand, is about the same.

Harry Boyd, recently operated upon, is able to be out and around.

### Backache Just Like a Toothache!

Dear Mr. Editor—Sometime ago I had backache very bad; it would ache just like a toothache. I tried a new discovery of Doctor Pierce's, called "Anuric." This is for kidneys and backache. I soon felt relieved of all backache and had no more pain, and I hope others troubled in the same way will try this wonderful new remedy.

Yours sincerely,  
(Signed) Mrs. LINDSEY SKEARNS.

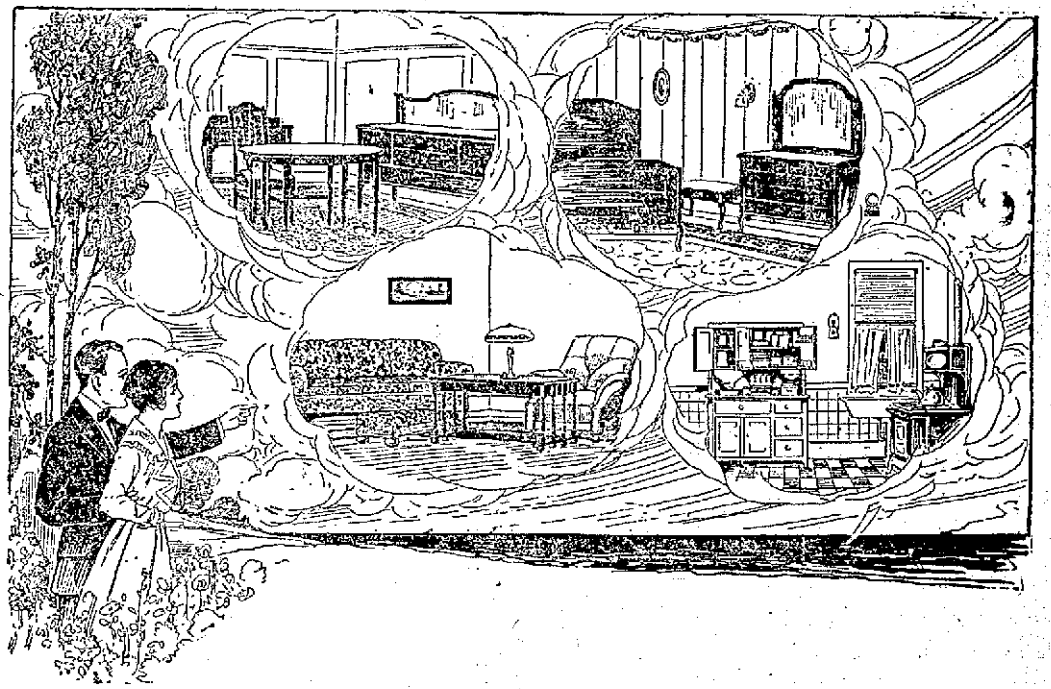

Now: It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A new remedy, called "Anuric," has been discovered by Dr. Pierce, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darting pains and aches of articular or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, renal colic, etc. "Anuric" prolongs life because old people usually suffer from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissues. Dr. Pierce, who is director and chief physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of over-worked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he determined to place "Anuric" with the principal druggists in town where people could get this ready-to-use medicine. "Anuric" is not harmful or poisonous, but aids nature in throwing off those poisons within the body which cause so much suffering, pain and misery. Scientists assert this remedy is 37 times more potent than lithia.

For Diabetes and Bright's Disease this remedy is building up a reputation as good as Dr. Pierce's other well-known medicines which have been proven reliable during nearly fifty years, such as Doctor Pierce's Favorite Prescription for the ill of women, Doctor Pierce's Pleasant Pellets, the liver regulator, and Doctor Pierce's Golden Medical Discovery for renal blood.

## ANOTHER STREET FIGHT IS STAGED AT WHEELERSBURG

Wheelerburg was the scene of another street fight Friday morning, the principals being John Duis and Ben G. Rolf, the latter a salesman in the employ of George Bell. The trouble started over some reports Mr. Duis was alleged

by Rolf to have circulated in regard to him. Meeting Duis about seven o'clock Rolf accosted him and a fight followed.

Rolf was carrying a short club, and he rapped Duis several times over the hands with this and also struck him over the head. The two clinched and fell to the ground where they continued the struggle. Finally a number of bystanders separated the two men. Rolf was uninjured but one of Mr. Duis' hands was badly bruised where it had been struck with the club. A bone in the hand was broken.

The fight was somewhat of a sequel to the scrap earlier in the week between Duis and William and George Bell.

The difficulty has occasioned a great deal of talk in Wheelerburg and it is feared that there

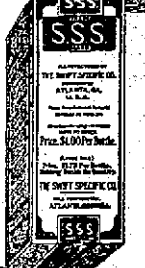

may be more serious trouble in the future unless differences are patched up.

### HELP FOR WORKING WOMEN

Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 510 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice—it will be confidential.

ALEX CHUCALES, Prop.  
European Plan. Reasonable Rates.

powerful sermon on "Popular Amusements With the Lid Off." For more than an hour he was at his best, leading his audience from one climax to another.

At times there came applause and laughter and at other times such expressions as "That is right," and "True enough," "God Help us," etc.

During the last 15 minutes of the sermon there was weeping and crying all over the room. At the close of the sermon he called for those feeling their need of Christ to rise, and in two minutes nearly 40 people rose with wet faces and said, "Pray for me."

The subject this evening will be "The Unpardonable Sin." Tonight the first altar call will be given and it is believed that the altars will be filled.

Following are some of the epigrams in Rev. Hill's sermon:

"Any human soul that has intelligence enough to know anything about Christianity knows very well that no one can enter into the popular amusements of today and not get into temptation."

"Can you call it intelligence to pray to God to deliver you from evil, its mad rush to hell, but the blood then throw yourself right into the arms of Jesus Christ, which takes away presence and its influence?"

"There is no game that the world delights in today that glorifies God or edifies the human soul."

"There is no popular amusement of today that people indulge in that glorifies God."

"You cannot hug a woman around over a room, 'by nose,' with hardly enough clothes on her to flag a hand-car and think about your Sunday school lesson while you are doing it."

"If it is not for the pleasure of the contact of the sexes that people dance, why don't the men dance with the men and the women dance with the women?"

"If some of you married folks would have to dance with your wives when you go to some of these modern dances, you would stay at home and do your hugging."

"Not every woman that goes on the dance floor is an honest, or has any such thought, but, according to statistics, she is taking some awful chances, for there are five hundred thousand poor, fallen women in this country, and statistics say eighty-five per cent of them went down through the dance."

"There is nothing in this world that will ever save the world from pray to God to deliver you from evil, its mad rush to hell, but the blood then throw yourself right into the arms of Jesus Christ, which takes away presence and its influence?"

"There is nothing in this world that will ever save the world from pray to God to deliver you from evil, its mad rush to hell, but the blood then throw yourself right into the arms of Jesus Christ, which takes away presence and its influence?"

"There is nothing in this world that will ever save the world from pray to God to deliver you from evil, its mad rush to hell, but the blood then throw yourself right into the arms of Jesus Christ, which takes away presence and its influence?"

## Lucasville Constable And Others Charged With Petit Larceny

Charles Schoonover, a well known Lucasville liveryman, horse trader and constable of Valley township, was arrested by Patrolman Arthur Platt along with Noah Holt and brother-in-law, E. R. Zimmerman on petit larceny charges late Thursday afternoon.

The trio was charged with stealing a \$15 saddle off a horse belonging to J. A. Cattee, a Pond Creek farmer. Although the saddle was found on one of a number of horses which Schoonover had hitched in an alley near Dr. J. G. Gill's veterinary hospital, he denied responsibility for it being there, while the local young men insisted that Schoonover had sent them after the saddle, telling them that the horse standing on Market street with a saddle on it was also his horse but that he

wanted to use the saddle on one of the other horses.

Schoonover later secured his release on a \$10 cash bond with orders to appear in police court, Saturday morning. He has been in the city since last Saturday and a few days ago his widowed mother appealed to the local police over telephone to locate him, saying she needed his assistance at home in looking after the stock. Holt and Zimmer still languish.

## Every Family Needs This Splendid Remedy

Compound of Simple Laxative Herbs Recommended for Constipation.

When a remedy has stood the test of critical analysis and strong competition for over a quarter of a century and establishes itself as the indispensable household remedy in thousands of homes, it is pretty good evidence of its efficacy.

Dr. Caldwell's Syrup Pepsin has been on the market since 1889; its use being gradually extended until now it is generally regarded by druggists as the staple family laxative. It is a combination of simple laxative herbs, free from opiates or narcotic drugs, gentle in its action and positive in effect. It costs only fifty cents a bottle and can be purchased in drug stores everywhere.

Mr. Frank Klima, of 2309 Ashland Ave., Baltimore, Md., wrote Dr. Caldwell recently that he had tried about everything without being helped until he got a bottle

MR. FRANK KLIMA

of Dr. Caldwell's Syrup Pepsin, which he considers the greatest known remedy for indigestion, constipation and stomach troubles.

Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and keep it in the house. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.

# McHenry Lifts Ball Over Fence; Wins Game For Champs

## Long Resounding Wallop Defeated "Old Taylors," Huntington Here Today

OR seven long innings out at Millbrook Thursday afternoon it looked like the Champs were in for an ignominious shutout. Pitcher Bacon of the Old Taylors was hurling one of the best games of his career and it was a 5 to 1 bet that Portsmouth was a beaten team. But Austin McHenry, brilliant left fielder of the Portsmouth team, long known for his hard hitting and splendid fielding, was not through for the day. No indeed. His trusty bat was brought into action in the eventful eighth and when the inning was concluded Portsmouth had a two run lead over their opponents all because McHenry with Keller and Bauer in a scoring position caught one of Bacon's fast ones and lifted the ball over the left field fence. It was one of those four base wallops that you read about. Keller, Bauer and McHenry, the home run kid, sauntered leisurely around the sacks after it was seen that the globe had gracefully soared over the garden wall. The three runs scored in this inning represented the run making of the Champs for the day, the final being 8 to 1 in favor of Portsmouth. It was a spectacular finish to one of the best games ever witnessed in Millbrook.

Big Larry Jacobus was pitted against Bacon of the visitors and they indulged in a real pitcher's battle, which was not broken until McHenry inserted his four base drive.

**FIRST INNING.**  
Kimbles hit the first ball pitched and sent a high one to McHenry. Henges started next third and took second on McKittick's out. Jacobus to Spencer. Kelly out. Bauer to Spencer. Keller grounded. Wares to Kelly. Bauer fanned. Dills doubled to the left field fence. McHenry flied to Kimble.

**SECOND INNING.**  
Zimmer struck out. Wares flied to McHenry and Henges to Keller. Dillhoelter flied to Hargrove. Demore grounded to McKittick. Spencer tripped to center but was left. Bush striking out.

**THIRD INNING.**  
The visitors were retired in order. Holmes on strikes. Demore took Bacon's pop fly and Kimble rolled to Spencer. Jacobus struck out. Kelly ran into right field for Keller's fly. Holmes picked up Bauer's effort in front of the plate and threw him out at first.

**FOURTH INNING.**  
Henges out. Bauer to Spencer. McKittick singled over short and died stealing after Kelley popped to Spencer. Dills beat out a punt but was forced at second on McHenry's attempt to sac. Henges, Bacon to McKittick. McKittick took second on McKittick's overthrow of first and third on Dills' infield out, Zimmer to Kelly. McKittick threw Demore out at first.

**FIFTH INNING.**  
McHenry took Zimmer's short fly and then ran to the fence and made a pretty catch of Wares' long fly. Hargrove singled over first. Holmes popped to Bush. Spencer flied to Kimble. Bush grounded to Zimmer and Jacobus to short.

**SIXTH INNING.**  
Bauer made a grand stop of Bacon's single. Kimble sacrificed. Bacon scored on Henges Texas leaguer back of short. Henges stole second. Jacobus threw out McKittick and Kelly at first.

Keller grounded. Zimmer to Kelly. Bauer walked. Dills got his third hit, a single, to left. McHenry fanned. Dilly grounded. Zimmer to Kelly.

**SEVENTH INNING.**  
Zimmer flied to Demore. Wares walked and moved up on Dills' sacrifice and scored with McHenry on the batter's home run drive over the left field fence. Dilly lined to McKittick. Demore grounded. Wares to Kelly.

**EIGHTH INNING.**  
Holmes flied to Demore; Bacon grounded, Bauer to Spencer. Kimble flied to McHenry.

Keller walked. Bauer singled past second. Both moved up on Dills' sacrifice and scored with McHenry on the batter's home run drive over the left field fence. Dilly lined to McKittick. Demore grounded. Wares to Kelly.

**NINTH INNING.**  
Henges struck out; McKittick struck out; Kelly scored to McHenry.

**PURE-FOOD CHEW IS "OLD KENTUCKY"**

Made in a Great Modern Factory. It is Clean, Pure, Wholesome and Satisfying

FRUITY-SWEET IN FLAVOR

## Falls On Rack Of Paper Knives; John F. Brandau Seriously Hurt

John F. Brandau, a well-known former freight conductor on the Portsmouth branch of the B. & O. railroad, met with a serious accident Monday at the Simonds' Knife works in Dayton, where he is now employed. The Hamilton Enterprise, in its account of the accident, gives the following details: "While standing on a step at his machine, he in some way slipped and fell backward into a rack of steel paper knives, sustaining two separate cuts on the left side of the back, one of which was 14 and the other 2 inches in length, both cuts being very deep and requiring 16 stitches in all to close. The knives made at this factory run from 6 to 100 inches in length, 3 to 7 1/2 inches in width and 5-8 of an inch in thickness.

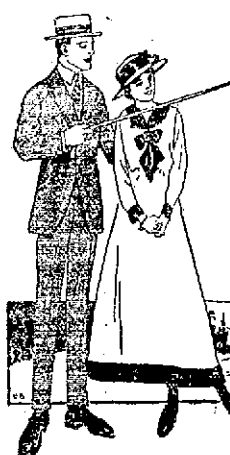

"The victim of the accident is regarded as being seriously hurt, the injuries being on the left side and penetrating so dangerously near the heart. He is at the home of a niece, Mrs. Carl Ahern, 1938 West Third street, in Dayton."

## Mayor Kaps In Columbus, No Police Court Is Held, Arrests Are Made

No police court was held Friday, as Mayor H. H. Kaps is in Columbus with other officials on a fire department motorization junket.

Thursday night's arrests included the following: Lela Dehart and Mrs. Kinney Thompson, of Eleventh and Gay streets, for "rushing a beer can" near the old Spring Lane distillery. The Thompson woman was in police court only three weeks ago on a drunkenness charge. A young son was found intoxicated at the same time and came near dying.

Ralph Martin, who had been arrested a few days ago for drunkenness and was turned out only Thursday morning, and another

negro named Pete Hunter were arrested by Officer Schwobel Thursday night on vagrancy charges. John Grimes has been ordered into court by Officer Goings, following the filing of an affidavit by Arthur Webb, of No. 108 Band street, charging him with slapping his sixteen-year-old son, Chester Webb.

The police said this morning they had investigated this case, and had found the boy was a "bad actor" and they would therefore ignore the charge against Mr. Grimes.

# Jordan To Be Tried June 27; Special Jury Panel Is Drawn

Boy Jordan, Florwoods farmer, who is now confined in the county jail, will be tried upon a first degree murder charge Tuesday, June 27. A special jury panel of thirty-six members has been drawn. Jordan is charged with murdering his wife, Mrs. Pamela Jordan, at her home, Flor Woods, near Leesville, Tuesday May 2. Following the finding of the woman's body, Jordan was arrested by the authorities. The husband denied any knowledge of the crime and the officials were perplexed.

A few days later George Jer-

dan, the eight year old son, confessed to the authorities that his father had shot his mother with a shot gun. Coroner J. W. Decker held an inquest at which the lad testified and returned a verdict finding Jordan guilty of homicide. Jordan was then given a preliminary hearing before Judge John W. Byrnes and pleaded not guilty. He was bound over to the grand jury without bond.

George Jordan then confessed the officials by declaring a few days later, that he had accidentally shot his mother while playing

with the shot gun.

The April term of grand jury returned two indictments against Jordan, each charging him with murder in the first degree. Wednesday he was arraigned and again pleaded not guilty. Attorney Theo. K. Funk will defend him.

It is said that some sensational evidence was unearthed by the state in examining witnesses before the grand jury.

The jury drawn by County Clerk John W. Hall and Sheriff E. W. Smith is as follows:

Green Neary, 1922 Mound St. Adolph Graf, 1733 Baird Ave. Earl I. Adams, 1123 Second St. John W. Russell, 607 Findlay street.

## The Kind You Have Always Bought.

THIS is the caution applied to the public announcement of Castoria that has been manufactured under the supervision of Cass H. Fletcher for over 30 years—the genuine Castoria. We respectfully call the attention of mothers and mothers when purchasing Castoria to see that the wrapper bears the signature in black. When the wrapper is removed the same signature appears on both sides of the bottle in red. Parents who have used Castoria for their little ones in the past years need no warning against counterfeits and imitations, but our present duty is to call the attention of the younger generation to the great danger of introducing into their families spurious medicines. It is to be regretted that there are people who are now engaged in the malicious business of putting up and selling all sorts of substitutes, or what should seem properly to be termed counterfeits, for medicinal preparations not only for adults, but for children's medicines. It therefore devolves on the mother to scrutinize closely what she gives her child. Adults can do this for themselves, but the child has to rely on the mother's watchfulness. Genuine Castoria always bears the signature of *Cass H. Fletcher*.

The couple contracted severe, still's physician being among the doctors. Later the couple left the hotel and took refuge at the Mrs. Margaret Nash home, opposite Smith's laundry establishment.

It was learned Wednesday that the couple were making preparations to leave town and their neighbors got busy. Nurses, cleaning women, and other household help of the North Hotel and the

Nash home went to the rooms of the couple, but the woman declared her husband was not home. Mrs. Nash informed the officer that Allen had not gone out. The search was then renewed and the man was found, without any clothes, hiding in the corner of a clothes press. He paid Cunningham and the physician and the party started away, but were stopped by Mrs. Nash, who wanted her bill paid. They again went upstairs to collect for Mrs. Nash, but the man was gone. A short time later Joe Davis, a roomer at the Nash home, discovered the man lying flat on the roof of a small alley house adjoining the Nash home. Davis procured a gun and made the man pay Mrs. Nash. Thursday the couple left the Nash home, saying they were going to leave the city.

### TIRED LOOKING WOMEN

Some women always wear a worn, tired look. It is the outward sign of nervousness, neurasthenia, perhaps, with its characteristic symptoms of worry, headaches and sleeplessness. Overwork, grief, undue excitement, the late hours and nervous strain of a strenuous social season, lack of outdoor exercise, any or all of these may be responsible for the trouble but the most common cause at this season of the year is the grip. Whatever the cause, if you feel the need of more strength try the great non-alcoholic tonic, Dr. Williams' Pink Pills. As the nerves get their nourishment from the blood the treatment must be directed toward building up the blood. Dr. Williams' Pink Pills act directly on the blood and with proper regulation of the diet have proved of the greatest benefit in many cases of neurasthenia. A tendency to anemia, or bloodlessness, shown by most neurasthenic patients, is also corrected by these tonic pills. Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 60 cents per box; six boxes \$2.50. Write for the free booklet, "Diseases of the Nervous System" and a diet book. Address: Dr. Williams' Medicine Co., Schenectady, N. Y.

## UNCLE SAM IN NO HURRY TO ANSWER CARRANZA FRENCH CLAIMING ADVANCE NEAR VERDUN

### MAY TAKE TEN DAYS TO FRAME A REPLY

Washington, D. C., June 2.—A week or more will be taken by administration officials to frame a reply to General Carranza's note threatening war if American troops are retained in Mexico, it was said today. President Wilson was out of the city and no active preparations were being made to draw an answer. The usual cabinet meeting was cancelled, since the president was not to return until late today from Annapolis, where he went to attend commencement exercises at the Naval Academy.

Army officers today looked for a report from General Pershing on his conference yesterday at Colonia Duran with General Gaviarra Carranza's military commander in Northern Chihuahua. The meeting was brief and it is assumed only questions of co-operation in troop movements were discussed. General Pershing described the conference as "very satisfactory," according to unofficial reports.

The war department's plans for maintaining General Pershing's column in Mexico were unchanged.

### 11,000 ON STRIKE ON THE WEST COAST

San Francisco, June 2.—State Monday morning. Officials of the longshoremen's organization, reiterated assertions that a compromise offered by the employers would not be accepted. Three companies have acceded to the strikers' demands.

According to union officials, 11,000 men are on strike at various points on the Pacific coast.

### POPE'S SOLE DESIRE IS TO STOP SUICIDE OF EUROPE

Rome, June 2.—(Via Paris) Cardinal Gasparri, papal secretary of state, in an interview today with a representative of the Associated Press declared that the Pope was influenced in his efforts solely by a desire to stop the "suicide of Europe."

"The Holy Father," said the cardinal, "in a most ardent desire for peace has no particular interest in view,

despite what newspapers that are enemies of the papacy state to the contrary. If peace is concluded through the friendly intervention of the president of the great American Republic or through his Catholic majesty or the King of Spain, his Holiness will equally thank the Almighty that an end should at last have been put to the butchery which is the suicide of Europe."

SERBS AT SALONICA

Recent dispatches from Greece indicate that both the Bulgars and the allies in the region of Salonica are preparing for vigorous activities. The advance of the

## Senate Confirms Brandeis As Judge

Washington, D. C., June 2.—Louis D. Brandeis, Boston lawyer, will be sworn as a member of supreme court probably June 12. The senate yesterday confirmed Mr. Brandeis' nomination by a vote of 47 to 22.

With one exception, senate

Democrats voted solidly for confirmation. The exception was Senator Newlands, of Nevada, who in a formal statement, said his action was based on the ground that he did not regard Mr. Brandeis as a man of "judicial temperament." Three Republicans

—LaFollette, Norris and Poinsett—voted for confirmation. Mr. Brandeis is the first Jew to be elevated to the highest tribunal in the land. He succeeds the late Associate Justice Lamar, of Georgia. The fight over his confirmation was one of the bitterest in senate history.

### WHOLE COMMITTEE VIOLENT TO HEAR CONTESTS OVER DELEGATES NEAR VAUX

Chicago, June 2.—Political supporters of Roosevelt and Hughes are jubilant over the defeat of the attempt made by certain members of the Republican national committee to have the contests over delegates heard by sub-committees instead of the full committee which always has decided these disputes.

When Chairman C. D. Hilles suggested that sub-committees be

named to go over the contests so that the full committee need not waste time considering trivial disputes, the Roosevelt and Hughes supporters scented a possible plot to have the contests considered in secret sessions and they vigorously protested. Senator Reed Smoot, national committeeman from Utah, a Hughes supporter, led the fight against the plan and succeeded in having the motion voted down.

Paris, June 2.—In the course of heavy fighting on the Verdun front which continued through the night, the French progressed slightly south of Caurettes wood, the war office statement of today announced. The struggle between Thiaumont farm and Vaux, east of the Meuse, is described as extremely violent.

The artillery action on both sides was exceptionally heavy throughout yesterday and last night. Aside from the Verdun fighting, the night passed quietly along the front.

**TWO GERMAN  
MACHINES WINGED**  
Paris, June 2.—A squadron of French aeroplanes, pursuing a group of German machines which had just bombed Bar le Duc, brought down two machines, one of which was a Fokker.

The raid referred to probably is the one mentioned in last night's French official statement which said that 18 civilians in Bar le Duc were killed by German bombs. The French statement recorded the bringing down of only one German aeroplane.

### "Wet Goods" Can Be Carried Into West Va. If Labels Are Attached

Charleston, W. Va., June 2.—

West Virginia will be less like the Sahara Desert than for weeks. Its citizens will again be able to go to wet territory and bring into the state all kinds and quantities of wet goods if they are labeled to comply with the amendments of the Yost law.

The lifting of the ban was made by the supreme court of appeals, which yesterday dissolved an injunction issued by the Mineral county court against the Baltimore and Ohio railroad restraining the road as a common carrier from transporting within the state any suit case, trunk or any kind of container labeled as containing liquor.

The decision was written by Judge Poffenberger and was concurred in by the entire court, except Judge Lynch, who dissented. The court reversed the decree of the Mineral county court, the demurrer of the defendant to the bill sustained and the case was remanded with leave to amend the bill.

When the action of the court was announced, the news spread rapidly over the city and there was absolute elation in many quarters, and dismay among the professional bootleggers, who will be deprived of making an aristocratic living by violation of the law.

### HUGHES LOST VOTES

Chicago, June 2.—Sixteen prospective votes for Justice Charles E. Hughes in the Republican convention went by the board when the national committee voted to seat the Henry S. Jackson delegation of Georgia. The action was taken after a lively contest which lasted more than six hours and in which it was necessary to determine the personnel of the Georgia state committee.

### THE DEMOCRATS WILL SELECT TEMPORARY CHAIRMAN TODAY

St. Louis, Mo., June 2.—The Democratic National committee met here today to select a temporary chairman for the convention and to make the appointment of tickets and the assignment of seats to the various delegations. Martin Glynn, former governor of New York, and William J. Stone, United States Senator from Missouri, were among these being considered for temporary chairman, it was said. The reports of the committees on tickets, decorations, entertain-

ment and various other details, also will be submitted to the committee which will be in almost continuous session until the opening of the convention June 12.

Thus far, the only contests reported to Secretary J. Bruce Kremer, of the national committee, are from Hawaii, Porto Rico and the District of Columbia.

### ONLY EIGHT JURORS ARE SETTLING DELEGATE SECURED IN ORPET CASE CONTESTS FOR CHICAGO IN SIXTEEN DAYS G. O. P. CONVENTION

Waukegan, Ill., June 2.—The opening of court today found the jury in the trial of W. H. Orpet, for murder, no nearer completion than it was at the end of last week, when eight jurors had been sworn for service. The trial has been in progress for sixteen days, during which time more than 800 prospective jurors have been examined. A further

panel of fifty men has been summoned for today, as yesterday's examination exhausted the last summoned without resulting in the acceptance of a single juror.

Chicago, June 2.—Consideration of claims of contesting delegates to the National convention was resumed today by the Republican national committee, which opened its deliberations here yesterday with a continued session lasting more than nine hours. The result of yesterday's work was a decision in the cases of sixteen delegates, nine from

Georgia and seven from Alabama. The Henry S. Jackson delegation from Georgia was awarded seats and the seven protests in Alabama were settled by the heading of six regular delegates-at-large and a protesting delegate from the Ninth Congressional District.

The committee also voted to place the delegates from Porto Rico,

# McHenry Lifts Ball Over Fence; Wins Game For Champs

## Long Resounding Wallop Defeated "Old Taylors," Huntington Here Today

OR seven long innings out at Millbrook Thursday afternoon it looked like the Champs were in for an ignominious shutout. Pitcher Bacon of the Old Taylors was hurling one of the best games of his career and it was a 5 to 1 bet that Portsmouth was a beaten team. But Austin McHenry, brilliant left fielder of the Portsmouth team, long known for his hard hitting and splendid fielding, was not through for the day. No indeed. His trusty bat was brought into action in the eventful eighth and when the inning was concluded Portsmouth had a two run lead over their opponents all because McHenry with Keller and Bauer in a scoring position caught one of Bacon's fast ones and lifted the ball over the left field fence. It was one of those four-base wallops that you read about. Keller, Bauer and McHenry, the home run kid, scattered leisurely around the sacks after it was seen that the globe had gracefully soared over the garden wall. The three runs scored in this inning represented the run making of the Champs for the day, the final being 3 to 1 in favor of Portsmouth. It was a spectacular finish to one of the best games ever witnessed in Millbrook.

Big Larry Jacobus was pitted against Bacon of the visitors and they indulged in a real pitcher's battle, which was not broken until McHenry inserted his four base drive.

**FIRST INNING**  
Kimbale hit the first ball pitched and sent a high one to McHenry. Henges singled past third and took second on McKittick's out. Jacobus to Spencer. Kelly out. Bauer to Spencer. Keller grounded. Wares to Kelly. Jacobus grounded. Tammehill to the left field fence. McHenry tried to Kimbale.

**SECOND INNING**  
Bauer struck out. Wares fled to McHenry and Henges to Keller. Dillhoffler lined to Hargrave. Demoe grounded to McKittick. Spencer tripped to center but was left. Bush striking out.

**THIRD INNING**  
The visitors were retired in order. Holmes on strikes. Demoe took Bauer's pop fly and Kimbale rolled to Spencer. Jacobus struck out. Kelly ran into right field for Keller's fly. Holmes picked up Bauer's effort in front of the plate and threw the out at first.

**FOURTH INNING**  
Henges out. Bauer to Spencer. McKittick singled over short and died stealing after Kelly popped to Spencer. Dills hit out a bunt but was forced at second on McHenry's attempt to sacrifice. Bacon in McKittick. McKittick took second on McKittick's overthrow of first and third on Dills' infield out. Zimmer to Keller. McKittick threw Demoe out at first.

**FIFTH INNING**  
McHenry took Zimmer's short fly and then ran to the fence and made a pretty catch of Wares' long fly. Hargrave singled over second. Holmes popped to Bush. Spencer fled to Kimbale. Bush grounded to Zimmer and Jacobus to short.

**SIXTH INNING**  
Bauer made a grand stop of Bacon's single. Kimbale sacrificed. Bacon scored on Henges' Texas leaguer back of short. Henges stole second. Jacobus threw out McKittick and Kelly at first.

**SEVENTH INNING**  
Zimmer fled to Demoe. Wares walked but was doubled on Hargrave's tap to Demoe to Bush to Spencer. Demoe lofted to Kimbale who caught Spencer's fly. Bush singled to center but was forced at second on Jacobus' tap to second. Zimmer to McKittick.

**EIGHTH INNING**  
Henges fled to Demoe; Bacon grounded, Bauer to Spencer. Kimbale fled to McKittick. Keller walked. Bauer singled past second. Both moved up on Dills' sacrifice and scored with McHenry on the latter's home run drive over the left field fence. Dills lined to McKittick. Demoe grounded. Wares to Kelly.

### Well Come On, You Boosters

Manager Ezra Midkiff completed a very successful day, his first at the head of the Boosters, when he released three men and signed an infielder last night. Pitchers Johnson and Gaffin were given their unconditional release. Al Frey was also turned loose. "We're going to make Portsmouth

hard to catch," Manager Midkiff stated last night. "I believe we have an outfit that compares favorably with any in the league. I am not satisfied yet but will have to wait for Kemper Shuler to recover before the club will be going at its proper place. We are pulling for Shuler to get well."

Outfielder McHenry has in his possession the ball he faced over the left field fence yesterday and thereby won the game for Portsmouth all by himself. The battered and bruised ball will be taken back home by Mac and always treasured as the one he hit over the left field fence on June 1, 1916, and won a game for Portsmouth against Frankfort, 3 to 1.

Meanwhile, the Gotham fans are debating as to whether they will present Bill with the Brooklyn Bridge and the Metropolitan Museum or give him \$5,000,000 in cash and nominate him for the presidency."

## THANKS, KIND FRIENDS, THANKS

Do you know the Peerless is the best town on earth in which to run a newspaper; that there is a nerve and a piquancy about journalism here that is found nowhere else? No, you don't know much about it, except you read the best paper printed in sight of running water. Well, we do and we've got a right both to know and say, for we've been at the business here for eighteen years, call 'em long-or-short, as you please and we still survive to tell the tale.

And the why and the wherefore? Everybody and his neighbor read the paper, every column and every line in it. May be you don't believe that; we do, since, yesterday anyway. On that day and date we had among "these few lines" a paragraph, referring to the death of James J. Hill, whom we designated as the president of the Northern Pacific railway. The first copy of "The Pink" was hardly out on the street before the phone bell jingled and someone wanted to know if we didn't know Hill was president not of the Northern Pacific, but the Great Northern! And for a solid hour the pecky thing jingled as fast as it was hung up and ever came that same "Don't you know?" In desperation we rushed out to luncheon only to run up against the Man on the Corner, who began "Don't you know?" only to be snapped off with: "Yes, we know, but we don't tell all we know, like some," but our speed had carried us, let it be hoped, beyond his hearing.

And it is experiences like that, which makes a newspaper work worth doing, to know people, your neighbors and friends are reading interestingly and intelligently what you have to offer them from day to day. Why once we ran a paper in a town where they apparently did neither. We bubbled and we frothed, we blistered politicians and public characters with sarcasm and vituperation, we emitted sob stuff that we imagined made the copper Nibbe, on the long dry public square fountain, weep; in sheer wantonness and desperation, we ran the whole gamut from ferocity to pathos, we hung out in one issue all the jaw-breakers in the dictionary and the next talked like a primer, but never once did we raise a cheep. One day we closed up shop and walked away. We'd rather go to jail for the balance of our natural life than to be sentenced to run a newspaper in that town again.

## THEY STOOD TOGETHER

Both Senators Pomerene and Harding, respectively Democratic and Republican, voted against the river and harbors bill. There is no politics in this measure; according to its opponents it is simply "pork." It is unfortunate and to our shame nationally that the coarse designation is altogether too well earned. As both the senators admit it carries provision for some worthy measures and one that especially commends itself to them both on its deserts and because they are Ohioans, the continuation of the canalization of the Ohio river, but set against this are many appropriations for undertakings that are utterly impossible and in the aggregate mean the waste of millions. So none can reasonably quarrel with the Ohio senators for the position they have taken, as their votes are evidently cast in good faith and courageously. As they view the situation it is best that a staying hand should be laid against wanton waste and extravagance, even if worthy enterprises are checked for awhile. However, in this ever recurring river and harbor bill the country has come to recognize that it must not only pay the price for improvements, but, indirectly, much more and yielding to circumstances, it accepts the unworthy with the worthy as the best that can be done in the present. Then besides that, men may rightly and honestly differ as to the value of the improvement sought and something must be yielded, if one's conscience point not otherwise, in consideration to the judgment and opinion of others. We can not all see just alike, nor come to common esteem in value, so we must each do our part as right and fair exigency permit.

A thing is never so bad that it can not be worse, according to the philosophy of the Marion Star, as it would have been had Carranza fixed the 4th, instead of the 1st of July for our boys to hoof it out of Mexico.

Silver bullion is selling at 73 cents an ounce, almost a fifty percent raise since the European war began. Maybe a presage that weird days of 1896 are to return.

The receipts of the local postoffice show a gain of over \$1,000, as compared with May of last year, which in turn shows Portsmouth is steadily and substantially getting better all the time.

Twenty-four shacks, officially alleged to be unfit for man or beast, are ordered to come down in this man's town. And think of it, 24 denizens of the Peerless, the order comes through the report of one of our good young governor's minions, whose home is in Ironton. Yea, verily and truly, from Ironton. Cover your face with shame and weep galling tears.

Truly, says the Dayton Journal, that because you admire your neighbor's flowers so much is no reason at all why you shouldn't have some of your own.

Taking Hughes and Teddy together it may be said a fair average is attained in the talking line.

## TRYING TO FOOL SOMEBODY

## BACK TO THE BUTTERNUT

The National Association of Clothiers is sending out an announcement, that owing to the scarcity of dye stuffs certain colors in men's wear will be hard to obtain, and if colors generally fade, the buyer will have to accept his disappointment thereon, in such equanimity as he may be able to summon. That hardly jibes with the activities of "the drummer", who is carrying an unusually lurid stock of samples plastered all over with the guaranty that they will not fade. But suppose colors should run, we see no vast national calamity in that. Time was when our grandfathers used to go out and peel the bark off a butternut tree and bring it into the house where grandma stewed it and extracted a rich brown color, with which she dyed the weave; and you bet, the color staid "sol." It wouldn't do any harm, that we see, if imported dyes should remain scarce. That condition would not force us exactly back to the butternut, for the tree that produced it has vanished along with our forests, but it would force us into dependence on our own ingenuity and our own resources, as was the case in the old wars, when our butternut brigades were the pride of the land; at least the other boys had enough reliance in their fighting accomplishments to let them rush to the fore and bear the brunt of the battle. We'd get all the coloring in our clothes we needed and be all the better because they were really and truly our own.

It is easy sometimes to see things as you want them. Some newspapers are shouting over the French capturing a trench at Verdun as though that reversed the whole tide of the war.

So Carranza has asked us to get out of Mexico. We can do as they do down there, tell him we will do so tomorrow and tomorrow means yet another day.

Detroit is proposing to have a preparedness parade, just, we suppose, to show she was only joking when she voted for Hank Ford for president.

A contemporary remarks that "Bryan preceded Roosevelt as an enemy of the trusts." Of course, it fails to give manner and specification of the ways in which Roosevelt showed his enmity.

It is several degrees worse than adding insult to injury when a set of partisans, styling themselves "Taft Republicans," form an organization to promote the nomination of Roosevelt. Even the amiable namesake must swear under his breath every time he runs across the name in print.

### PINEAPPLES

The pineapple would be all right if it weren't so rough and uncouth. A smooth pineapple! There is a problem that baffles horticulturalists, bacteriologists, zoologists, botanists and mineralogists alike! What can we do to the pineapple to make it either? When handling the present type of pineapple it is necessary to use a pair of furnace gloves. What can we do to make the pineapple a parlor vegetable?

We believe we have the solution. Grafting!

If the pineapple were grafted with some smooth-skinned vegetable it might be possible, even yet, to make a gentleman of it. With what vegetable, then, can the pineapple be grafted? Our mind immediately hits upon doorknobs. What is slicker or better complexioned than a doorknob?

Nothing.

Doorknobs is the answer. Tum-tum-tum! Here comes the bride!

It is a whole lot easier to be a Bernard Shaw to the British and American public than it is to be a Bernard Shaw to your own family.

Some papers are not averse to swallowing their dislikes long enough to gather in a few extra pennies. The New York World engaged William J. Bryan to report the national Democratic convention for it.

## Bed Time Tales

'K-er-Oke

"Mr. Tree Toad, please, where are you? Mr. Tree Toad?" called Chippy Chipmunk as he left Mr. Owl's tree. "I want to talk to you." And he scrambled down the tree to which Mr. Owl lived. "I wonder where that tree toad is now?" said "ho, thoughtfully, when he reached the ground. "Seems to me I heard him not five minutes ago; but that's no sign of where he is now. This robbery business is a lot of work, I must say!" Chippy was about to grumble some more when a cheerful, "K-er-oke! 'K-er-oke! 'K-er-oke!" sent him running toward the acyamore tree near by.

"There he is!" shouted Chippy gleefully. "There he is, and I can ask him right now!"

Lighly Chippy bounded across the ground and up the tree to which Mr. Tree Toad was.

It took just such sharp eyes as Chippy had to find Mr. Tree Toad, too, for he was so exactly the color of the bark of the tree that he looked for all the world like a knot on the bark and if you had been right there beside him, you would have had to look very hard to be sure which was toad and which was tree.

But Chippy found him—dear me, of course!

"I'm so glad to see you, Mr. Tree Toad," said Chippy breathlessly. "I want to talk to you."

"I'm pretty busy," answered Mr. Tree Toad. "K-er-oke! 'K-er-oke! 'K-er-oke!"

"See Miss Chameleon," suggested the tree toad shortly. "She has sharp eyes and sees what goes on in the forest. See her. 'K-er-oke! 'K-er-oke! 'K-er-oke!"

Chippy was so glad to get away from the tree toad's 'K-er-oke' that he ran right over to Miss Chameleon's house, though, to tell the truth, he didn't think she would know anything about his nuts.

"Your nuts," exclaimed Miss Chameleon, when Chippy told her all about the stolen nuts and everything. "Yours, are they? Well, that's a joke on you!" And she began laughing and laughing, and not another word would she say!

## NEW-YORK-DAY-BY-DAY.

O-O-MEINTYRE.

New York, June 2—An amazing case of self-immurement, one of the strangest in the annals of psychology, has been brought to light in this city of light and tears.

Adam Hall, a woman of 70 years, and her two daughters, 31 and 29 years old, have been in seclusion for two years in a dark apartment in the Bronx.

The long period of stagnation has affected the minds of all. They had not been in the sunlight in two years and the walls were lined with stale, yellow packages and odors were almost unbearable.

The daughters, starved and pinched-looking, were found sitting around a table, and it was evident they had not moved out of their chairs for several days. They babbled like cooing babies. The husband could not explain why his wife and children were left alone. He said he brought them food every day and this was found to be true.

Neighbors first became suspicious of the place when the only sign of life they saw was the husband and father bringing packages of food each day. He tossed them into the house through a window and departed.

A Chinese chow dog has arrived in New York after making the trip from Hong Kong, China, to America all alone. The pet was owned by the French Consul General Liebert, who was hurriedly transferred from Hong Kong to New York. The dog was ill at the time and when he recovered his master called for him and he was put aboard ship with a tag around his neck, which read: "Be kind to me. I'm all alone. I am on my way to my master, Gaston Liebert, who lives at the Hotel Majestic, New York." The dog stood the trip well and knew his master the minute he saw him.

Broadway story-tellers are recalling the quick wit and quick thinking of Wilson Mizner when he was a more famous character than he is now.

Just in passing. This is from the pen of William Winter, dean of New York dramatic critics, who has recently been given a bonnet in his old age against his wishes: Ambition has but one reward for all, A little power, a little transient fame, A grave to rest in, and a jading name.

Mr. Winter happily will now be permitted to spend his declining years in comfort in his little home on Staten Island.

The Sob Squad from New York newspapers departed in a body for Illinois to attend the trial of young Orpet, accused of murdering his sweetheart. It is the kind of story that appeals to the New Yorker for some reason.

The first pages are full of it and each paper is trying to outdo the other in getting the most sobs and tears.

A Long Island farmer drove up Fifth Avenue the other afternoon with a load of hay. At least he got several blocks with it before he was shunted off to another street.

Crowds gaped at it. It was something new in Fifth Avenue life and created more excitement than a circus parade would in a small town.

The farmer had on a wide-brimmed straw hat, and actually had a straw in his mouth, just like the comic artists picture him.

Sharpening Himself  
When the train stopped at the little Southern station the tourist from the North sauntered out and gazed curiously at a lean animal with scraggy bristles, which was rubbing himself against a scrub oak.

"What do you call that?" he asked curiously of a native.  
"Razorback hawg, suh."  
"What is he doing rubbing himself against that tree?"  
"He's stroppin' himself, suh, just stroppin' himself."

Who went to a fraternity ball,  
And during the dance  
He fractured his pants,  
And had to come home in a shawl.

A Joke On Mark

# Jordan To Be Tried June 27; Special Jury Panel Is Drawn

Roy Jordan, Flatwoods farmer, who is now confined in the county jail, will be tried upon a first degree murder charge Tuesday, June 27. A special jury panel of thirty-six members has been drawn. Jordan is charged with murdering his wife, Mrs. Pamela Jordan, at her home, Flat Woods, near Lucasville, Tuesday May 2.

Following the finding of the woman's body, Jordan was arrested by the authorities. The husband denied any knowledge of the crime and the officials were perplexed.

A few days later George Jordan, the eight year old son, confessed to the authorities that his father had shot his mother with a shot gun. Coroner J. W. Daehler held an inquest at which the lad testified and returned a verdict finding Jordan guilty of homicide. Jordan was then given a preliminary hearing before Squire

John W. Byron and pleaded not guilty. He was bound over to the grand jury without bond.

George Jordan then confessed the officials by declaring, a few days later, that he had accidentally shot his mother while playing with the shot gun.

The April term of grand jury returned two indictments against Jordan, each charging him with murder in the first degree. Wednesday, he was arraigned and again pleaded not guilty. Attorney Theo. K. Funk will defend him.

It is said that some sensational evidence was unearthed by the state in examining witnesses before the grand jury.

**Miss Margaret M. Krieger**  
A courageous fight that she had waged against poor health for years ended when Miss Margaret M. Krieger, aged 37 years, died at the family home, 2109 Grant street, Thursday night at 8:30 o'clock.

Although naturally delicate Miss Krieger had faithfully performed her duties as bookkeeper at the Portsmouth Gas company's office for many years but shortly before last Christmas she developed complications and had been bedfast ever since. Death has made heavy inroads into the family, removing the father and three sons, Louis, Jr., Mathias and Joseph Krieger. Besides the widowed mother she leaves to mourn her death one brother, Frank Krieger. She was a niece of George E. Krieger, cashier of the Central National bank, and Mrs. S. P. Balmert, of Washington street. She was a member of the Young Ladies' Sodality of St. Mary's church from which the funeral will take place Monday morning at 8:30 o'clock. **Hid In A Clothes Press And Leaped Out Window To Roof Of House, But Man Is Caught**

A couple giving the names of Mr. and Mrs. J. A. Allen recently took rooms at the Norton Hotel on Second street, and the man secured work at the N. & W. boiler shops under the name of Henderson. The couple contracted several bills, a physician being among the debtors. Later the couple left the hotel and took rooms at the Mrs. Margaret Nash home, opposite Lynn's undertaking establishment.

It was learned Wednesday that the couple were making preparations to leave town, and their creditors got busy. Norton Cunningham, of the Norton Hotel, and the physician, accompanied by Captain Romm Walker, went to the rooms of the couple, but the woman declared her husband was not home. Mrs. Nash informed the officer that Allen had not gone out. The search was then renewed and the man was found, without any clothes, hiding in the corner of a clothes press. He paid Cunningham and the physician and the party started away, but were stopped by Mrs. Nash, who wanted her bill paid. They again went upstairs to collect for Mrs. Nash, but the man was gone. A short time later Joe Davis, a roomer at the Nash home, discovered the man lying flat on the roof of a small alley house adjoining the Nash home. Davis procured a gun and made the man pay Mrs. Nash. Thursday the couple left the Nash home, saying they were going to leave the city.

# Lucasville Constable And Others Charged With Petit Larceny

Charles Schoonover, a well-known Lucasville freeman, horse trader and constable of Valley township, was arrested by Patrolman Armour Pitt along with Noah Holt and brother-in-law, E. R. Zimmerman on petit larceny charges late Thursday afternoon.

The trio was charged with stealing a \$15 saddle off a horse belonging to J. A. Catter, a Pond Creek farmer. Although the saddle was found on one of a number of horses which Schoonover had hitched in an alley near Dr. Jos. Gill's veterinary hospital, he denied responsibility for it being there, while the local young men insisted that Schoonover had sent them after the saddle, telling them that the horse standing on Market street with a saddle on it was also his horse but that he wanted to use the saddle on one of the other horses.

Schoonover later secured his release on a \$10 cash bond with orders to appear in police court, Saturday morning. He has been in the city since last Saturday and a few days ago his widowed mother appealed to the local police over telephone to locate him, saying she needed his assistance at home in looking after the stock. Holt and Zimmer still languish.
